

Dear Members of God's Church and Fellow Redeemed,

Our congregation has begun the Phase 2 planning of Crossroads Consulting Ministry. In Phase 2, we are collecting information from a number of different sources in order to have a complete picture of our congregation, our ministry work and the area we are working in.

We are asking all of our members to help us by completing these congregational surveys. There are 3 surveys that we will be completing on three Sundays: March 31, April 7 and April 14.

We would like the help of every one of our members in order that we might be able to serve you and others better.

Please take a moment to complete these surveys and return them to church. You may return them via the envelope provided or drop them at church on a Sunday or any day you might be passing by.

These surveys are for every member. If you need extra copies please go to our website and download as many as you need. Please click on the link in the menu on the left: CCM Information.

It is our prayer with close examination, careful planning and prayer, God might guide us to our path of ministry that we might complete to his glory.

The Church Council and Guiding Committee of Summerlin Lutheran Church
